**Aptive Education is a global education consulting business focused on admissions consulting and EdTech solutions. Our team of international innovators, educators and developers work together to develop premium educational solutions in a dynamic and globally growing education industry.**

**Aptive is currently seeking seasoned tutors with experience teaching subjects ranging from SAT, ACT, SSAT, and general K-12 curriculums.** Tutors that are not based in Seoul will be working remotely to tutor students based throughout Asia and abroad.

**Aptive provides unique incentives** which include:

- *Growth opportunities in an ever-expansive industry*
- *Opportunities to pursue a career path in EdTech*
- *The opportunity to interface with the next generation of influencers; to learn from and with them, and to develop a more global and growth mindset*

#### **Roles and Responsibilities**

- Teach students one-on-one with an age range of 6 to 18
- Create Educational Roadmaps
- Collaborate with the Admissions Director to develop best outcomes for students
- Help improve and maintain quality of existing resources
- Develop educational content to be utilized through our technology

#### **Required Skills and Experience**

- A minimum 4-year Bachelor's Degree
- At least 2+ years proven teaching/tutoring in your expertise subject(s)
- Track record of leading students to high marks
- Proficient computer skills (i.e. Microsoft Office, Google Drive, Zoom, etc.) & ability to learn new tools
- Ability to take ownership and accountability of your student(s)
- Ability to complete work and tasks according to set timelines
- Excellent verbal and written communication
- A love for the ability to problem-solve
- Native English speaker (although outstanding candidates without this qualification will be considered)
- Graduates of top-tier universities have a distinct advantage
- Teaching Certifications will be have a higher priority in the interview process
- Candidates able to relocate to Seoul have the highest priority

#### **Compensation Package**

- 2.8 – 3.2 million KRW per month
- Teaching compensation is directly deposited on a monthly basis
